Cultivate People Who Make Jesus Known: Living in Community ([click here to listen](#))

by Dr. Richard Rogers

REVIEW IT

Read Ecclesiastes 4:9-12.

THINK ABOUT IT

We firmly believe that community happens best in circles, not rows. We also believe it's critical that you find a small group where you can be known and loved. In a small group you'll have the opportunity to explore the Scriptures with other believers, pray for one another, share in the joy of growing together in Christ, and walk together through difficult days. The best way to move from proximity to community is through our small groups.

TALK ABOUT IT

- 1) What are some of the most common roadblocks that keep people comfortable with proximity and hesitant about community?
- 2) Do you think people really want community? Why or why not?
- 3) When we live life in isolation, what are some of the consequences that occur?
- 4) Describe a meaningful relationship you've had. What made it so significant?
- 5) How does living in community reflect the image of God?
